## Stage Monitors & Engineer

Please provide a total of 8 high quality stage monitors D&B M series or equivalent. Preference is 4 stereo mixes - a Stereo pair for each performer.

Please ensure the bands monitor engineer is fully attentive throughout the set up and performance. Mixing monitors from from of house is an option if there is no separate console.

## FOH PA System

Please ensure there is a professionally installed high quality PA System (D&B/L'acoustics/Meyer/Nexo) which provides even coverage and clarity to all of the audience.

We will require a house/system audio technician to be present from scheduled load in time until the end of the performance.

## Mixing Consoles

Any high end Pro Audio Console is acceptable for FOH and Mons. Preferences are MIDAS pro, DIGICO SD, YAMAHA CL, A&H D Live etc.

## Lighting

We will require a dedicated lighting technician to provide a consistent coverage of all the performance area, as well as adequate face light from the front for all performers.

## Risers

On larger stages, please provide 3 rolling risers (Minimum 8' x 8') for each of the 3 instrumentalists, Keys, Bass and Drums.

## Contacts

Randolph and his team thank you in advance for working towards a successful show.

If any of the above elements are not achievable for any reason, please contact the team well in advance to discuss alternatives.
